

Tommy is weighing a toy car.

Use this to work out what the other children's cars weigh.

Alex

My car weighs 1 kg more than Mo's.

Mo

My car weighs 200 g less than Tommy's.

Dexter

My car weighs 1 kg and 300 g less than Alex's.

Tommy's car weighs 4 kg and 500 g.

Alex's car weighs 5 kg and 300 g.

Mo's car weighs 4 kg and 300 g.

Dexter's car weighs 4 kg.
