

Lesson 3: Help!

- I can describe the simple physical properties of a variety of everyday materials.

The key is made of _____ because _____.

The table is made of wood because _____

Glossary	
→ absorbent	soaks up liquid
→ waterproof	water cannot go through it
→ flexible	can be bent

Somebody is stranded on a desert island! They have sent us a message in a bottle.

Here's the message!

I hope someone finds my message in a bottle!

I have been marooned on a desert island!

I need to build a shelter to stay as I have no idea.

How long I have until someone finds me. It looks like it is going to rain any minute.

I have been collecting some leaves and sticks and if I'm lucky, I may find some things that have been left by someone who's been there before me.

Please HELP ME!

Why did they use a bottle and not just put the paper into the sea?

paper

glass

waterproof

absorbent

transparent

stiff

flexible

Paper is not _____. It is _____.

A bottle is made of _____. It is _____

and _____.

What objects would she be able to find on the island? Draw!

Why did she use a bottle and not just put the paper into the sea?

The message was in a bottle because _____
