

Charles Dickens Primary School - PE and Sports Premium Expenditure Plan 2022/22

Total amount for this academic year:£19640

Area of focus	Rationale	Summary of activity and sports premium contribution	Impact and evaluation (Summer 2023)
Swimming	Due to COVID, children missed out on some swimming lessons during 2020 and 2021. Training additional staff will allow us to increase the number of children receiving swimming lessons.	To train two additional members of staff to help teach swimming lessons to pupils in year 3, 4 and when needed, beyond. £7440	
Dance-CPD for staff	Trainee, ECT and newly qualified teachers are identifying PE and more specifically more specialist activities such as dance as being an area of development due to limited expertise.	Continue to enhance our knowledge and skill rich, sequenced PE curriculum by utilising specialist teachers. Dance teachers are used to deliver dance lessons whilst training and coaching existing teachers to build their expertise. £10,600	
Competition	In 2021/22 the school missed out on fixtures and competitions for pupils in all year groups due to Covid19. Training and development is ongoing to improve skills and confidence when teaching PE. Bacon's sports partnership will provide training in teaching learning and assessment of PE. This partnership is building on the success of previous years and provide more children with these opportunities.	Bacon's sports partnership programme of training and assessment. £1600 contribution
