

Creativity & Enrichment

Throughout the year, all children work with our team of Artists in Residence learning Art, Craft and Design, Music, Dance and Movement and Choral skills. Central to our creative vision is an emphasis on sharing and performance and during each academic year, all children will showcase their performance and creative talents as part of a theatre production, a dance performance, an art exhibition and a choral concert.

We Offer all our children:

All children access weekly music and singing lessons with a professional musician
Art Masterclasses with our Artists in Residence
Dance Workshops with our resident Dance Teacher
