

# ENGLISH

## LEARN

**Spellings:** distant, silent, infant, vacant, evident, intelligent, magnificent, important, arrogant, blatant

Choose 3 of these words and use them in a sentence.

**For example:** 'Mr Windle stared at the maths problem, his mind as vacant as an uninhabited bungalow.'

**Complete Spelling Unit 14.**

## VOCABULARY

**Adaptations** – changes which happen in response to the environment

**El Nino** – the name of a weather system which changes the climate every 7 years on the Galapagos

**Evolution** – the process of a species adapting over many hundreds of years

## LEARN

As you know, the iguanas adapted to their new habitat on the Galapagos Islands. This week you are going to write an explanation of those changes.

Today you are going to watch a video about the changes and make notes. You are also going to read about the changes and add to your notes.

## YOUR TASK

**Watch** the first 16 minutes of Galapagos Episode 2.

**Make notes about** all the changes which the iguanas underwent. You may need to pause the film every few minutes to jot down what you have learnt.

Then **read** the information text about the iguanas and add to your notes.
