

GEOGRAPHY

EUROPE

WEEK COMMENCING 30th March

VOCABULARY

Physical geography – the natural environment: rivers, mountains, the weather

Human geography – the human-made environment: buildings, schools, transport

LEARN

- Learn about the physical geography of Bologna – the nearby mountains and the weather – and how this affects children's lives. Draw comparisons with life in London.
- Analyse calendars and diaries of children at the International School of Bologna and compare them to our lives in London.
- Complete a planner for a typical week and one for this week.

YOUR TASK

You have **five** tasks today, all of which are included in the booklet.

This is a long lesson, so you may do each section in separate parts over 2 or 3 weeks.

Task 1:

Short writing task: If you lived near mountains, what might you do during the holidays?

Task 2:

Climate bar chart: draw a graph showing the average maximum temperatures in Bologna.

Task 3:

Short writing task: similarities and differences between your lives and the lives of the children in Bologna.

Task 4:

Short writing task: How does the physical geography of London affect our lives?

Task 5:

Weekly planner: complete a weekly planner for a typical week and for your weeks while school is closed.

Complete both tasks in your booklet, take a photo and send them to us at:
