## History Quiz Answers Lesson 5

1. Who of the following were not recognised as citizens in Ancient Greek times?

Slaves, women, children (up to the age of 13)

2. Once elected, how long did members of the government council serve their city state for?

Twelve months

3. How were government officials elected?

Government officials were elected by a random lottery. This meant that both rich and poor had an equal chance of being elected. You were only thought of as a citizen in Athens if you were a free man.

4. True or False: Boys and girls attended school together? False

Boys attended school from the age of 7-14. Girls did not attend school in Ancient Greek times\*. Girls were educated in housekeeping and were taught how to look after the family.

\*In Sparta, some girls did attend school.
