Word	Definition
cymbal	

## Vocabulary Starter

Word	Definition
beady eye	<i>Small and shiny eyes like a bird's eyes</i>
redden	<i>To make or becomes red</i>
glisten	<i>To shine brightly</i>
glitter	<i>Tiny sparkles</i>

1

a) What is I Spy? (tell your teacher)

b) Two children are playing it – what are they called?

*Brian and Peter*

c) What letter does Peter decide to start playing the game with? **C**

2

Why does Brian mix up the words 'sea' and 'see' with the letter C?

*Because both 'sea' and 'see' sound the same as letter C.*

3

Words which sound the same are called homophones.

Match the homophone pairs.

red	blue	sun	bear
son	bare	blew	read

4

Why does Brian's face redden whenever he lies?

*Because he feels embarrassed and he is blushing.*

5

What causes the waves to glisten?

*The moonlight causes waves to glisten.*

6

Why is the snow described as being a blanket?

*Because the mountain is covered with a layer of snow.*

7

Read the first line of the poem. How long does it take Brian to think of his letter? What tells you?

*It took long for Brian to guess the word beginning with the letter C. He was guessing words that have the letter C sound.*

#### Extension activity

Peter is clever but *he may not be good at his letter sounds.*

I Spy is a good game because *it is fun guessing game.*
