

## Kasper Makes a New Friend

By Ms. Smith

### Characters

Kasper Whiskey: A kind and eccentric young boy, who has been excluded from society and is often pushed to breaking-point by those around him.

Jingo: A quaint and friendly character who is happy to help everyone and is often taken advantage of.

### Scene 1: The Nothing

A desolate waste land of broken TVs and discoloured toys. The Sparkle Plenty Salon shines brightly in the distance.

A determine Kasper stumbles across the stage, candle in hand, eyes fixed ahead of him.

Zooms and horns get louder and louder and the flashes of headlights get brighter and brighter.

Black out.

### Scene 2: The Scream

A grey expanse of zooming lights and gushes of wind. To the side of the zoom, in the near off distance, sits a railway track, atop a bridge.

Kasper transfixed like a moth to a flame, moves ghost like towards the zoom. A vehicle wooshes past, the wind blows out his candle and he is woken from his trance.

Kasper: (exasperated)

Good heavens! What on earth was that?

(suddenly aware of his surroundings)

The zoom! My goodness, I'm here.

A a number of cars race past.

Kasper: (with a new found braveness)

Well, I must go on!

(taking a deep breath)

I suppose there's no time like the present.
