

Lesson 1: Where is Jerusalem?

Label the world map with London and Jerusalem and then draw our flight path between them.

Jerusalem is one of the oldest cities in the world and is considered a holy site for the three religions of Judaism, Christianity and Islam.

It lies on the border between the state of Israel and the Palestinian Authority. Both countries claim it as their capital, and both have fought to control it over the last few decades.

There has been dispute over who should get to oversee Jerusalem for thousands and thousands of years.

The right-hand map shows how the city of Jerusalem is divided into areas of Palestinian and Israeli population.

This map below shows the Old City of Jerusalem where will be spending most of our time on this trip. It shows how it is divided into four quarters: Muslim, Christian, Armenian and Jewish.
