

## Lesson 2: Who are the Quakers?

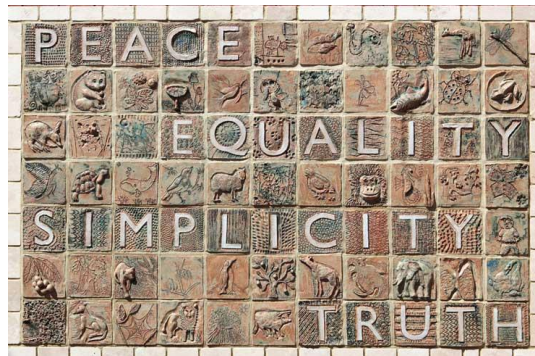

The **Quakers** are a religious group we are going to look at because of their beliefs on war.

Most towns and cities in the UK have a **Quaker meeting house** and there are lots in London.

Quakers were historically a type of Christian which meant they believed in God and that Jesus was the son of God but now not all Quakers share that belief. Some Quakers don't believe in God at all!

Label this picture with the meanings of the four Quaker principles

How do Quakers worship?
