

Worksheet 1

Telling Time on a 24-Hour Clock

1 Match.

- 2 The table shows the train schedule between Town A and Town B.

Departure time from Town A to Town B	Departure time from Town B to Town A
8:15 a.m.	10:30 a.m.
11:45 a.m.	1:00 p.m.
3:00 p.m.	4:15 p.m.
5:30 p.m.	7:00 p.m.

- (a) Using the 24-hour clock, write the departure times for the trains listed below.

From Town A to Town B		From Town B to Town A	
First train	Last train	First train	Last train
08:15	17:30	10:30	19:00

- (b) The departure time printed on Lulu's ticket is 13:00.

Lulu is travelling from Town to Town .

- (c) Elliott is visiting a museum in Town B.
He plans to leave the museum at 15:00 and take the earliest train back to Town A.
If Elliott takes 20 min to walk from the museum to the train station, what is the departure time of the train that he should book?
Write your answer using the 24-hour clock.
