

SCIENCE

PROPERTIES OF MATERIALS

WEEK COMMENCING 23 RD MARCH

VOCABULARY

stretchy – able to stretch

waterproof – keeps out of water

absorbent – able to soak up liquid easily

transparent – allows light to pass through

LEARN

- Read through the vocabulary
- First, try and answer the questions to investigate cotton. Don't worry if you don't have any cotton at home. Share your thoughts with someone and check how accurate you are.

YOUR TASK

Find a piece of fabric. How would you describe its properties? Complete the activity (Materials I)
