

Name: _____ Class: _____ Date: _____

Worksheet 9

Subtracting Money

1 Answer the following.

(a) Holly had £5 and 55p. She bought a box of chocolates:

Subtract the £. Subtract the p.

£5	55p
- £1	- 35p
<hr/>	<hr/>
£4	20p
<hr/>	<hr/>

She has **£4 & 20p** left.

(b) Find the difference.

Bowl A: £10 and 55p

Bowl B: £6 and 45p

£10	55p
- £6	- 45p
<hr/>	<hr/>
£4	10p
<hr/>	<hr/>

Bowl A costs **£4 & 10p** more than bowl B.

- 2 Answer the following.
Charles has £9 and 95p.

- (a) The bag of 6 apples costs **10p** more than the bag of 5 oranges.
- (b) The bag of 6 apples costs **£1 & 30p** more than the bag of 4 lemons.
- (c) The total cost of the 3 items is **£8 & 65p**.
- (d) After buying all the items, Charles will be left with **£1 & 30p**.

- 3 Compare the prices of the two bags.

- (a) Bag A costs **£10 & 10p** more than bag B.
- (b) Lulu only has £30 and 15p. She needs **£5 & 40p** more to buy bag A.
